**NEWSLETTER SPRING- SUMMER 2010**

**Let's here it for the warm weather! Here at THE MAIDS there are a couple updates I'd like to make you aware of.**

**A lot of our customers have found us through online searches, but now we are looking to create a bigger presence on the internet so I have started a facebook site and I am asking all of our customers to join us on facebook as a friend and fan. When you're online go to [www.facebook.com](http://www.facebook.com) and search for "maids redbank", you will be directed to our page. I have a seasoned social networker pegged to keep it current and newsy for everyone's benefit.**

**Now for another type of networking. I have created an alliance with the company Everyday Helper Solutions because they offer a natural extension of complementary services that are geared to making your life easier. Everyday Helper Solutions was designed as a Resource of Solutions to manage the tasks of everyday living. For anyone that is busy, overwhelmed, is not well enough or simply wants or needs a helping hand when there isn't enough time to get it all done. They service north and central NJ and NYC.**

**Some options are: Routine Errands / Moving in/out Assistance / Administrative Assistant / Concierge / Personal Shopping / Event Coordination / Household Organization. References and Testimonials upon request.**

**For info call Lorin at 1-917-440-0680. To check out their website go to [www.everydayhelpersolutions.com](http://www.everydayhelpersolutions.com) and tell her The Maids sent you!!! See on reverse side, our SUMMER JOINT PROMOTION !!!**

**So how are we doing? You know we are always asking. Between Kathy and Esmeralda calling you, the occasional survey cards we leave behind, and my visits to your home to check on the teams we are always shooting to be the best. Referrals are golden and when you love us, you'll tell your friends and family. And remember, yes we do reward referrals, so like the book by Ken Blanchard, our goal is to cultivate Raving Fans.**

**Remember that we have a trained carpet cleaning division. Many customers schedule 2-3 times a year knowing it's not just stains, but lots of other stuff lurking in their carpeting. If you need all your window washed (in and out) and/or power washing ask us who we recommend.**

**As always, thanks you for the opportunity of cleaning your home.**

**Sincerely, Gerry Elwood and everyone here at The Maids !!!!!!!!!!!!!!!**
